Point of Contact: _____

Contact Phone Number: _____

Contact Fax Number: _____

Email address: _____

How many will be attending: _____

Date Requested for Presentation: Primary / / Secondary / /

Time Requested for Presentation: _____

Address where Presentation will be held (if different from above): _____

For Office Use Only

Assigned to: _____

Received : ____ / ____ / ____

Completed on : ____ / ____ / ____

Participants in Attendance: _____

The CPD is a generic presentation on Suspended Metal Ceiling Systems which are widely used in every sector of the construction industry. Some of the key points covered are as follows:

- 4 main family groups: Burgess Clip-in, Burgess Lay-in, Beam Grids and Corridor solutions.
- Benefits of Metal Ceilings over alternatives.
- Construction of systems including demonstration of sample components and tiles.
- Design possibilities.
- Site reference and photographs.
- Acoustic properties.
- Perforation patterns.
- Service integration and interface details.
